CATALOGUE OF

Herbaceous Perennials,
Alpine and Bog Plants,
Evergreens, Deciduous
Trees, Shrubs, and
Rhododendrons
Orchard *and* Small Fruits

GEO. C. WOOLSON

Summit Driveway, Riverview Manor,
Hastings-on-Hudson, N. Y.

THE FOLLOWING LIST OF PLANTS

CONTAINS THE CREAM OF

ALPINE, BOG AND HERBACEOUS PERENNIALS

the cultivation of which is rapidly increasing in the United States. Our stock is largely imported from Europe and Japan, while the large number of Native Species have been gathered from the Blue Ridge Mountains of North Carolina and Virginia; from the Rocky Mountains, the Cascade Mountains of eastern Oregon and Washington and the Sierra Nevadas of California. No descriptions are given, but we are always ready to give information and advice as to best sorts for particular situations.

In addition to the plants listed we would say that we can supply everything in the line of

ORCHARD AND SMALL FRUITS, EVERGREENS, DECIDUOUS TREES, SHRUBS AND RHODODEN- DRONS

both native and imported. Our Hybrid Rhododendrons are English grown and on their own roots, and therefore very hardy. We will cheerfully quote prices for anything in the nursery line. Visitors are welcome here at any time. We always have an unusually large variety of plants, many of them new to cultivators.
